

YPC – Ready to Serve You

A full service General Contractor with all types of design/build turnkey construction experience, YPC has completed specialty flooring, environmental, civil, concrete and mechanical contracts. YPC is ready to provide the Federal Government with a highly qualified staff capable of delivering environmental, renovation, and new construction projects.

In November 2009, YPC was accepted into the Small Business Administration's (SBA) 8(a) program, allowing participation in Business Development contracts, Mentor-Protégé, Federal Surplus Property Program and access to other technical and financial assistance. Add to this our staff of construction professionals with many decades of diverse Federal Contracting experience, makes YPC an impressive competitor in this market.
